Initiative Zest

Month 1 - Witness:

Experiencing the timeless Values – Taking people out of the context of regular business to rejuvenate their self-awareness.

Month 2 - Imbibing:

Exercises to “Switch” on to the next levels of self-enablement.

Month 3 - Growing:

Progress sharing followed by supportive coaching for further growth. Presenting the published Life Changing Project to all.

Focus of the individualized coaching sessions:

- *How to build conviction on the values that are beneficial to one and all?*
- *What enables us to apply these values in life?*
- *What stops us from applying these values?*
- *How to weave the tapestry of a profound life based on timeless values?*
- *How to initiate a life changing project that needs minimum investment of any additional time from our schedule?*

All the above will be through a Value Journaling exercise, which will be like writing an autobiography.

About the facilitator:

Dinkar has supported the goals of more than 8000 professionals from Foreign MNCs, Indian MNCs and local SMEs. Dinkar has been involved in many international and domestic people enablement initiatives.
