

**SING, SING AND SING TOGETHER  
SOULFUL MUSIC AND SOUL STIRRING POETRY  
THREE HOUR TEAM CONNECTION SESSION  
GROW WELL THROUGH HIGHER WAVELENGTHS**

# Rekindle Zest

Timeless Music, inspiring lyrics, couplets, Dohas, and poetic recitations are powerful sources of Inspiration and bonding with each other. It can create higher wavelengths to connect better with each other as humans and also make deep connections with ourselves. Music helps cross all barriers and inhibitions. This would also give an opportunity to listen to some awesome artists (vocalists and Instrumentalists) handpicked by our team. For some of you, it could be a great platform to rock through your talent too :-)

Rekindle our Zest for life and enable connections by singing, getting together, reciting timeless poetry together and listening to some meaningful music; inspire each other and bond through soulful music. This is a very rare opportunity - experience it to believe it.

## Benefits

- High Impact learning and an enriching experience
- Unique experience because of theme based music sessions
- Subtle communication of timeless values through a mellowed musical format
- Reflective and engaging sessions in between the music renditions
- Soul stirring due to highly talented musicians
- Bonding as a team and creating higher wavelengths
- Timeless Value Kit given to each participant, to enable continuity in their subconscious
